IS-350

IS-350

DESKTOP MAILING SYSTEM CONVENIENT, SMART AND FRIENDLY

Businesses today count on productivity tools to keep their offices running smoothly. The Quadient IS-350 makes it simple to weigh, rate, post and track mail accurately. Equipped with the Quadient iMeter™ Postage Meter, this mailing system has been designed to integrate smoothly into your office and handle all of your mailing needs.

FAST ACCURATE, WEIGHING AND RATING

Differential weighing and Smart Start technology help provide a simple mail processing experience with the IS-350. When using differential weighing, simply place mixed weight mail on the weighing platform, remove an envelope and the correct rate is calculated. With Smart Start technology, each time an envelope is removed from the weighing platform in differential mode, the powerfeeder starts and is ready to process mail.

STAND OUT FROM THE REST

Personalize items and help promote your business with ad slogans, custom text messages, QR codes and company logos.

UNDERSTANDING RATES HAS NEVER BEEN EASIER

The Rate Wizard simplifies the process of selecting the correct postal rate and class for your items. With concise step-by-step instructions, the selection process has never been easier. Shortcut keys save time and eliminate keystrokes too. From single envelopes to larger packages, you have the flexibility to weigh and manage mail with ease.

TRACK, CONFIRM AND SAVE

Using E-Services with Electronic Return Receipt™, you will save money by applying USPS® discounted rates for eDelivery Confirmation™, eSignature Confirmation™, and eCertified with Electronic Return Receipt™. Email alerts and online access save time by helping you monitor, track, and confirm important items, while providing the most accurate data.

QUADIENT IMETER™ POSTAGE METER

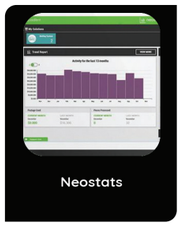
SIMPLE MAIL PROCESSING

AUTOMATIC SEALING

SPACE SAVING DESIGN

QUADIENT iMETER™ POSTAGE METER

The Quadient iMeter™ postage meter is an internet connected smart device that provides functionality beyond the traditional postage meter. The IS-350 and Quadient iMeter™ are connected online to help you better manage your mailing operations and control costs. Low ink email alerts keep you abreast of your ink usage and simplify ink cartridge reordering. With the IS-350, postal rate changes are hassle-free thanks to direct rate downloads, which ensure full postal compliance.



NEOSTATS – YOUR KEY TO SAVINGS

Take control of your postage expenses. Neostats expands the basic IS-350 postage reporting capabilities, providing detailed usage by department, class or time period. Create spreadsheets and colorful graphs in minutes.

DESKTOP MAILING SYSTEM

EFFICIENCY OPTIMIZED

- Ergonomically designed mailing system with integrated scale and clear display simplifies mail processing
- Smart Start technology eliminates keystrokes and saves time. Each time a mail piece is removed from the weigh platform, the system automatically starts the feeder
- Powerfeed for fast batch processing
- Automatic sealing with an easy access reservoir ensures a perfect envelope seal
- Quick and easy menu selection reduces keystrokes
- Shortcut keys save time and provide instant job setup
- Integrated 2 lb. and 5 lb. weighing platform handles postcards, envelopes and small packages with ease
- Low ink email alerts let you know when it is time to re-order ink
- Endorse your business with ad slogans, custom text messages, QR codes and logos
- Rate Wizard helps prevent errors and makes selecting the correct postage value easy
- Default postage setting eliminates keystrokes, minimizes errors, and saves time
- Control system usage and prevent misuse of postage funds with PIN code authorization
- Expand the functionality of your IS-350 with features designed to help manage your mail and control costs
