- High-capacity vertical stacker
- Automate multi-sheet documents

## Versatile, intuitive and productive

The DS-64i folder inserter can accommodate a wide range of documents, inserts and business reply envelopes (BRE) making it the ideal choice for a variety of applications and office environments. The DS-64i combines unparalleled ease-of-use with advanced technology. The intuitive color touch screen control panel prompts the operator through each step of job setup and operation. Quadiant Remote Assistance enables folder inserter diagnostics and operator support to increase mail assembly productivity.

## Easy operation

The color touch screen display and automatic job setup make the DS-64i exceptionally easy to use. Simply load envelopes and documents and the DS-64i will adjust all settings automatically and even save them to the memory for instant recall. And, with automatic adjusting feeders, it can't get any easier.

## Multi-page processing

Efficiently and accurately assemble and process multi-page sets. With the internal CIS scanner, the machine can read inserter control codes (OMR, 1D or 2D BCR) which can be printed nearly anywhere on the document, providing superior document security and integrity as well as saving you hours getting your mail out faster.

# DS-64i

## 1. High-Capacity Vertical Stacker

Preserves printing order and holds up to 500 finished envelopes so operators spend less time unloading

## 2. Touch Screen Display

7" color graphical interface with wizard-based programming makes operation simple and intuitive

## 3. Feeder Linking

Continuous operation is achieved by linking feeders. If one feeder runs empty, another one automatically takes over, allowing you to refill as needed until your job is complete

## 4. Envelope Hopper

150-envelope capacity with on-the-fly reloading

## 5. Automatic Collator

Collate and fold up to 8 pages together

## Processing flexibility

DS-64i's FlexFeed function allows you to process all document formats (inserts, documents and business reply envelopes, etc.). Additionally, the "Daily Mail" function even allows hand feeding of multi-page stapled document sets.

## Efficient processing

Load the feeders, and the DS-64i will accurately assemble the documents, fold, insert and even seal the finished envelopes, all in one quick process. The high-capacity envelope stacker is designed to improve accessibility and unloading of envelopes on the fly.
